1 A \* following a place name indicates that the place is also a false MCD;

2 In 1990, the census-of-population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps indicating a census-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the anchor.

3 A \* following a block number indicates that the block number is repeated elsewhere.

Where international state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
